Welcoming Communities overview – Pilot Community Consultation Report

Eva Iraheta – <http://tiny.cc/7d1e4x>

The Office of Refugee Resettlement's technical assistance provider for fostering greater community support for refugees, examining the degree of refugee welcome and ways to strengthen it across all phases of resettlement and integration is a priority for Welcoming America. The community consultation process, in particular, has been of interest because it is a powerful mechanism with the potential to accelerate refugee welcome. A Federal Action Plan on Immigrant and Refugee Integration highlights the importance of creating welcoming communities for immigrants and refugees, and references local stakeholder meetings as one important avenue to do so.

Findings, strengths, and recommendation for San Francisco (Bay Area) are found in pages 4 to 5. Positive comments about SF, SF CAIRS is mentioned in the report.
